Project Management Professional (PMP)

The gold standard in project management certifications, the **Project Management Professional** certification offered by the **PMI**, is a rigorous test that covers absolutely everything you need to prove your knowledge and skill in managing the "triple constraints": time, cost, and scope.

The certification validates your project leadership experience and expertise and demonstrates your capabilities to help organizations work more efficiently and perform better.

The exam covers topics such as:

- Managing conflict
- Leading teams
- Building effective teams
- Training and empowering team members and stakeholders
- Executing projects to deliver business value
