About This Collection

Step into the raw, unfiltered world of Invincible as Anissa and Mark collide in a gallery that captures the comic's most controversial moments. From their first tense meeting to the brutal aftermath, you'll see the fierce confrontation, Nolan's chilling advice about her mating ritual, and the half-hearted apology that still haunts readers. These pages pull no punches, blending superhero action with deeply uncomfortable drama. Atom Eve's presence adds another layer of intensity. Scroll through the full gallery above and witness the clash that changed everything.
